Political "Red Faces" Seal Spotlight From Highway Safety Campaign

Political Embarrassments have been taking the play away from the campaign to improve the chances for long life for those who drive cars on Michigan highways. It's been a hectic autumn for Secretary of State James M. Hare. He proposed his "14 steps to highway safety" at a point when the public was generally concerned about the slaughter on the highways. "This has got to be non-political," he said. Insiders figured Hare was sincere in his proposals. Many of them had been projects of Republican legislators in the past, but Hare had them in a package attractive enough to sell. It contained a proposal for a state system of driver license examiners, supplanting local officers who for years have issued licenses. Sheriffs, under fire before reformers who believed a politician could never adequately enforce the law, were incensed. At a meeting in the capitol, they pinned Hare's ears back, demanding that he prove that incompetence in licensing was killing people on the highways. Hare worked for weeks and came up with statistics to prove the sheriffs and other local officials were ill-trained for issuing licenses to hurl a three-ton projectile across the highways. At a second meeting with the sheriffs, Hare had them on the run with his statistics, case histories. His point was that with state control, Michigan would have better-trained drivers. At this point, Sheriff Ferris E. Lucas, secretary of the Michigan Sheriff's Association, said: "Maybe the state officials, too, have been doing out favors for their friends in licensing." Sidney Woolner, Hare's deputy, insisted on proof and Lucas slowly pulled out of his pocket a photostatic copy of an order to report for a license hearing that was ignored. It bore the name of Thomas M. Kavanagh, of Carson City, who now is the state's attorney-general, the chief law officer in Michigan. Hare immediately ordered an investigation, another examination for Kavanagh. Republican politicians leaped on the episode, promising that Hare's program would be junked. Hare was embarrassed. Rep. Herb Clements (R-Deerfield), said that "in view of the disclosures of Kavanagh's driving record, you can be sure that Hare's program will never be enacted." He admitted that Kavanagh was only one of 3,000,000 drivers in Michigan. Others said it would be just too political to even protect for the other 2,999,999 because of Kavanagh's record. Then, due to a misunderstanding, a parking ticket affair at first seemed to involve Hare. This brought out more political spears. He was either impersonated by a violator in Ionia or a traffic cop misunderstood. But the first report was that Hare was fined for a parking violation, identified himself and the ticket was torn up. The time was 3:08 p. m. on a Friday. Hare said at that exact minute he was talking with a reporter in his Lansing office, 35 miles from Ionia. The incident made the headlines, of course, and the chances of Hare's program — an accumulation of ideas gathered over the years by legislators — was again under a cloud. "I certainly hope this very important program, whoever gets the credit for it, can survive these embarrassments which seem to be political, at least on the surface," he said. Farmers Became The Focal point of Governor Williams' most recent announcement. He ordered the state agricultural commission to change its emphasis from quality and production to marketing and research. Times have changed since I first came into office," Williams said. For the last year, Gov. Williams has been pointing out the plight of the farmer — too few dollars for the work put into a crop. Quality has been reached, he said, and now the emphasis should be placed on convincing the buying public. He has ordered the commission and the state agricultural marketing council to come up with a plan. In the next few weeks, they are expected to develop a program in cooperation with State Treasurer Sanford A. Brown, who is drafting a new "state farm program" for Gov. Williams.

Feldhauser School Notes
The children of the Feldhauser School, some of their mothers and little sisters and brothers, and the teachers, Mrs. Leota Harrod and Mrs. Arthur Wakeley, enjoyed a Halloween party Tuesday afternoon of last week. The children put on a program of various skits for the parents. They paraded around the school with "scare sticks" they had made. The afternoon concluded with doughnuts, cookies, pop and candy. P.T.A. News—A regular meeting of the Feldhauser P. T. A. was held Thursday, October 27. Minutes of the previous meeting were read. Some of the old business was settled and some continued. An article on "The Care of Christmas Trees" was reported on. The meeting was concluded with refreshments furnished by Mrs. Arthur Wakeley, Mrs. Dennis Toye and Mrs. Henry St...

CARS ARE MY LINE
by ART GOODRICH
You may have read of the drunkometer test they use in some cities for drivers suspected of having a few too many. The driver breathes into a balloon and the police test his breath for alcohol. A certain percentage of alcohol and... you've had it. And no chlorophyll gum can help you.
Most people know about a similar test you can try on a used car (not that our cars look drunk, mind you, but it's a similar idea.) Almost everybody watches for smoke from the exhaust, but I find a lot of people really don't know what they're looking for, or why.
When you're browsing around a used car, race the engine a few times and watch the exhaust fumes for blue smoke. It's the blue you want to look for, not gray or black.
What does it all mean? The car that billows blue smoke is burning oil. Eventually, it will require a ring job, as all cars do sooner or later.
It's not a sign of anything fundamentally wrong (the driver in the breath test can be sobered up pretty quickly). If you like the car in other ways it will still be a good buy.
We didn't have any blue-smokers on the lot the last time I looked. When you're shopping around, though, I hope you'll ask to be shown everything you want to see, ask the things you want to know—poke around a little yourself to make sure.
Take a car out on the road and drive it the way you'll be driving your own. You do that much for a new pair of shoes, we want you to get the "feel" of your new-used car, too.

Quite a Combination

Sylvia Porter, the syndicated financial columnist, recast "with little fear of error" that Christmas retail sales this year will run well ahead of last year for another all-time record. She cites various economic forces—rising employment, big paychecks, and so on—which she feels makes this inevitable. She says the retailers are "determined to use every device and promotion they can dream up to pull us into the stores." She then adds: "Eager customers, lots of cash around alert merchandisers—it's quite a combination of bullish forces indeed."

We have here one more instance of the amazing vigor of the American economy. And we have something more—a testimonial to how competition at the retail level makes that system click. If, for example, a retailer had nice tight little monopoly, he wouldn't have to worry about advertising and promoting trade. The buying public would have to come to him, for want of any other place to go. And the situation would be just the same under a system where government rationed and fixed the prices of goods—there would be no effective way for one retailer to offer greater attractions than another. Under free competition, on the other hand, every retailer is at liberty to offer any incentive he can think of, and the one who does the best job gets the most trade.

This, of course, has a great bearing on profits and prices. Competition forces merchants to pare prices to the limit in order to make a reasonable over-all profit through big volume at very small unit profits. Actually, competition is so stiff that many merchants find that their net profits are less now than in days when their total sales were nowhere near as big.

Nothing Ventured, Nothing Gained

The TV program, "The \$64,000 Question," has dramatized how drastic our income taxes really are. The winner of the \$64,000 question pays \$23,000 more in income taxes than does the \$32,000 winner. For his reason most \$32,000 winners have declined to try for the top prize.

The same discouragement in risk-taking ventures occurs in business. Tax rules dictate "no" answers everyday from businessmen, investors and professional men. And New York's First National Bank says it doesn't stop there, for "the injury is not only to the opportunities of people but also to the tax collections since risk-taking enterprise affords the richest source of government revenues."

When are we going to respect the law of diminishing returns and encourage risk-taking ventures rather than discourage them?

The long looked-for and much anticipated election is over and brings to this nation a new leader and new hope for national recovery from the terrible depression that has been upon us for the last two years. Governor Franklin D. Roosevelt, of New York, and speaker John N. Garner, of Texas, speaker of the House of Representatives, have carried the nation for president and vice-president with the largest popular and electoral vote that have ever been accorded candidates for those offices. With them they carried Democratic candidates for U. S. senators and representatives, governors and state officers, district and county candidates all over the land, to victory. It was a decisive Democratic victory everywhere. President Hoover and Vice President Curtis carried only the states of Connecticut, Delaware, Maine, New Hampshire, Vermont and Pennsylvania, receiving an electoral vote of only 59. Roosevelt carried the remaining 42 states for an electoral vote of 222.

Coach Willard Cornell announced that a group of twenty-two men will make up the basketball squad temporarily. Further changes or additions in the future are probable in the extreme. This reduces the squad from which outside competition will be met from thirty-five. The boys who have made the squad at it stands at present are: Forwards, K. Gohr, J. LaGrow, B. SanCarlier, B. Sorenson, G. Hanson, L. Maloney, L. Gierke, centers, L. Marshall, N. Dawson, M. Roe, H. Winterlee, E. Doremire; guards, B. LaGrow, J. Knibbs, R. Sheehy, K. Hoesli, D. Gohr, L. Lovely, C. Borchers, C. Malloy.

Dr. and Mrs. C. R. Keyport visited their daughter Miss Jayne at Michigan State College last weekend, and the Doctor witnessed the M.S.C.—South Dakota football game at which M. S. C. carried off the honors by a score of 30-0.

Mr. and Mrs. Lorne Sparkes, son Jack and daughter Betty, visited at the home of Mrs. Sparkes' sister and family, Mr. and Mrs. Ben Jerome, and her brother and family, Lieut. and Mrs. R. E. Hales of Lansing last weekend. Mr. Sparkes took in the M. S. C.—South Dakota football game.

Several members of Grayling Post 106 went hunting last Sunday and bagged 38 rabbits that furnished the main dish for a delicious supper at the hall on Monday evening. The ladies of the Auxiliary prepared the supper, and 46 members of the two organizations or their wives and husbands sat down to the meal. Everyone ate rabbit until they had their fill and there was rabbit left. The affair was much enjoyed by all present.

Township Clerk Carl Sorenson and his cousin Harry Sorenson had a narrow escape from drowning last Sunday. They were hunting ducks on Houghton Lake, when their boat capsized in the center of the lake. They called for help and clung to the bottom of the overturned craft for some time before help arrived, but luckily a couple of hunters from Ovid, Mich., saw their distress and rescued them. They lost guns and ammunition, but were lucky to escape with their lives.

The Winter Sports committee sponsored a Watch Night dancing party with election returns as one of the features at the Board of Trade rooms Tuesday evening. A fair-sized crowd especially of the young set gathered for the affair and everyone had a fine time. Lionel McClain, Don Reynolds, Marius Hanson, and Archie Cripps furnished the music.

Several members of the local American Legion Auxiliary were guests of the Roscommon unit last evening, when their officers were installed for the ensuing year. Mrs. Wilfred Lauran, president of the Grayling unit, acted as installing officer. Following the meeting the Roscommon ladies served a delicious chicken supper.

Didn't Even Have

a Word For It—

Nor did the Romans. It was many centuries later that insurance, as we know it today, came into being.

Like so many good things of this day and age, we take insurance and the protection it provides, for granted.

To many, an insurance policy is just a piece of paper, to be tucked away in a desk drawer and forgotten until something happens.

If something does happen, we suddenly realize that this piece of paper may save us from ruin.

That is why it is important to buy your insurance through an experienced agent who represents strong and long established companies.

Test the tremendous GO of the fabulous

'56 Pontiac

Introducing a Big and Vital General Motors "Automotive First!"

IT'S THE GREATEST THRILL IN HIGHWAY HISTORY!

If you've come to think of driving as just routine, it's high time you tried the tremendous "go" of this masterful new monarch of the highway.

Here's a car with such exhilarating drive—eager oil-smooth response and safe, secure handling—that even monotonous home-to-work driving becomes your finest hour!

And out on the open highway, the fabulous '56 Pontiac comes alive with all the eager, heads-up alertness of a thoroughbred.

Its blazing 227-h.p. Strato-Streak V-8, coupled with oilken smooth Strato-Flight Hydra-Matic, thrives on challenges. The hill you see looming up virtually disappears before your eyes.

And at any legal speed, there's such a reserve of power that your engine literally loafs—ready at a touch to spring into the most thrilling, satisfying action that ever shortened a country mile.

Of course, this is only a hint of what's awaiting you. The differences in performance—in driving, smoothness, ride and control—is so terrific that it can only be appreciated at the wheel.

So come in and take charge of one of these glamorous new beauties yourself. Choose your own test route and sample the greatest "go"—and enjoy the greatest safety ever built into a car. Then you'll know why the word's spreading—"They'll be a long time catching up to this one!"

Power? You bet!

The fabulous Thunderbird Y-8

Ford goes like the Thunderbird! With this exciting new "Go"-power you can smile at hills, have new confidence in passing. The Thunderbird Y-8 engine can be yours at no extra cost, for it is the standard eight in all Ford Fairlane and Station Wagon models.

Beauty? Of course!

Inspired by the Thunderbird

The new '56 Ford and the fabulous Ford Thunderbird are really look-alikes! You can see the resemblance in every long, low line... every graceful contour. And you can expect to be envied no matter where you may drive in your new '56 Ford.

**Safety? Only FORD gives you
LIFEGUARD DESIGN**

Even more important than Ford's Thunderbird looks and go is Ford's new Lifeguard Design. It gives you extra protection in accidents. To cushion you from the steering post, Ford has a deep-center Lifeguard steering wheel. To reduce possibility of doors springing open under impact, Ford has Lifeguard double-grip door latches. To help lessen injuries from impact, Ford offers optional seat belts and Lifeguard cushioning for control panel and sun visors. A new double-survive Lifeguard rear view mirror "gives" under impact. Come in! See how safe, how beautiful, how powerful a car in Ford's field can be.

Nearly 1,000 people visited the automobile show at 1956 cars sponsored last Friday, Saturday and Sunday at the new Loggia building by Art Goodrich. Pictured above is part of the show which featured six cars, station wagon and a pickup truck.

Bear Lake News

By Mrs. Mabel Dingman

Well, another week and as I said before, leave it to the women. Mrs. Nick Douglas and Mrs. Ralph Douglas skinned a coon and getting it ready for the oven they can not be called city gals again. We've still got to see how many holes are in the hide. Who knows, after awhile you may see a sign in Douglas Grocery store, Davey Crockett Hats for sale.

Oh yes, another bow and arrow hunter we know filled was Roy Butterfield from Elmore, Ohio although he is a traitor to Bear Lake when he has to go to Atlanta to get it.

We were down to see Merve at the Wayside and saw two beautiful bass just caught out of Lake Margrethe. What they weighed or what he caught them on I don't know but just ask Merve.

We had two challengers for the smallest mother but neither could compete. Let's hear from some more.

This is not Bear Lake news — but news. Anybody wants to know why Andy Wordens pants knees are worn through, I know. It's from crawling around Cranberry Lake to get a shot at a snow goose, which turned out to be water lilies.

When you are driving down M-72 out here past Joe and Jean Newnan's new Mart and Court that is not a shetland pony playing around out side Skipper's St. Bernard. Probably before spring he will be using him as a sled pony.

Who visits Bear Lake anymore often than the Rays? Doris just left, Bill is back.

Bud Leese, of Leese's Trading Post next door may have four rabbits with four shots but the winter has just begun. We will count next March.

Al Baginski floated the Manistee and got four black Mallards. Al and Vi have the Down River store.

Oh yes, Jack Richards, thanks for the ducks.

Jim Dannenberg, the Failing boys and two friends got fourteen rabbits with their beagles.

We wish to welcome so many new people. I will try to name a few this week. Chuck and Lucille Foster of Royal Oak, Mr. and Mrs. Dick Furtney of Pontiac, Mr. and Mrs. Hendricks of Kalamazoo.

We are all sorry to hear tonight that Mrs. Ida Rouse has had a relapse and is very ill in Kalamazoo Health Center.

CARD OF THANKS

I wish to thank the doctors and nurses and Sisters and the O. E. Johnson, daughter of Mr. and Mrs. LeVell Johnson, in Flint.

Mrs. Olive Shaw.

School news

The Grayling High school paper has been named the GHS Highlite. The name was chosen from twenty entries submitted, the winning name being suggested by Bill Schreiber, son of Mr. and Mrs. Albert Schreiber. The school paper is now a member of the National Paper Association. A copy of each issue of the Highlite goes to the Association. The staff also exchanges papers with Houghton Lake High School.

It is noted with approval that the Highlite shows great improvement over its first few issues, not only in form and contents, but also in spelling and grammar. Good work, kids! Keep it up.

G. H. S. Band News

The band performed on October 21 when we played Mancelona here. We had a school theme. We formed many formations regarding school such as a school house, the word "fine" the "G" for Grayling, the "M" for Mancelona, and did London Bridge. The songs we played were: "The Star Spangled Banner", before the game; "On Wisconsin", "Wave the Flag", and "School Days" at the half.

On our next home game, which is on November 4th, when we play Boyne City, we will do precision drills. Gary Atkins, who was home on leave from the Great Lakes, taught us how to do them. Gary was our drum major before he graduated last year.

On November 19th the band is going to Michigan State University. We will watch Michigan State and Marquette play. We are all very anxious to go.

We have in our band now Color Guards. The Guards are David Lowe, a junior, Hans Andrew, a senior, Robert Houghton, junior, and Don Campbell, who also is a junior. Lowe and Campbell carry guns, Andrews, State flags, and Campbell, the American flag.

Bob Hull, who is home from the Naval Training School at Great Lakes, Ill., will also help us in getting ready for this week's game. He will assist the drummers. After he goes back he will go to Washington to a school for music.
